Necessity For "Best" Teacher In Each School District

By JOHN B. M'FERRAN, Chairman Educational Committee,
Louisville Commercial Club

III.

A FRIEND of mine interested in schools happened in Boston not long since and in going about investigating the city's schools, on reaching the lowest and poorest part of the city, was surprised to see going up a splendid, beautiful school building to cost \$375,000. He said, "Why on earth do you put such a handsome and costly building in this part of the city?" The answer was, "We want to make good, intelligent citizens out of these children, and we think this one of the important ways of doing it."

I should like to know why we pursue the unbusinesslike, illogical and absolutely unfair method of offering three kinds of teachers' certificates, especially now as the counties have the right to tax themselves up to 20 cents on \$100 for general school purposes. ARE WE DELIBERATELY TRYING TO MAKE THREE CLASSES OF CITIZENS—THE INFERIOR, THE MODERATELY GOOD AND THE BEST? In a true democracy there is no use or room for classes. Ought not our efforts to be addressed to the one object of making an average intelligent good citizenship?

Under present arrangements we are compelling the poorer sections of our counties to employ third-class teachers whose capacity will not suffer them to go above a wage of \$30 to \$40 per month, while the cities and towns and wealthier parts of the counties are paying \$60 to \$75 per month. Of course this higher pay and better environment attract the best teachers, those holding the first class certificates. Now, this is manifestly unfair and very unwise.

THE BOYS AND GIRLS IN THE LESS WEALTHY PORTIONS OF OUR COUNTIES ARE ALREADY SUFFICIENTLY HANDICAPPED BY THEIR POVERTY AND IGNORANCE. WHY, THEN, UNDER HEAVEN, ARE THEY FURTHER HANDICAPPED BY CHEAP, INCOMPETENT TEACHERS?

There ought to be, as soon as the proper legislation can be had, only one certificate granted to all teachers and that of the first class. If there are districts unable to pay in full for a first class teacher let the county board make up the difference out of the county fund, for which it was intended. THESE POORER DISTRICTS PAY THE SAME RATE OF TAX, SO FAR AS THEY HAVE TAXABLES, AS DO THE WEALTHIER SECTIONS, AND THEY SHOULD HAVE A FAIR AND LIBERAL DEAL.

This is not only generous and unselfish, but it is Christlike, and it is a wise business proposition to make good and intelligent citizens out of these less fortunate. I think when the people consider this question deliberately they will see the folly of present methods and demand a change and will get it. Therefore it would be wise for teachers to prepare themselves to get first class certificates, and I think they have no time to lose because the change when started will come quickly. The state has two normal schools and the university whose business it is to prepare teachers.

Not 25 per cent of the teachers of the state are taking advantage of these opportunities, and many of them will be left out when the change comes. I am hoping to see the day when our teachers will be better paid, but when that day dawns it will bring with it also an undeniable demand for better prepared teachers.

THERE is a structure which every institution builds for itself. It is called character, and every act is a stone in this structure. An institution, in order to have a good character, must think honestly, act honestly, breathe honesty. The people soon determine between the genuine and the counterfeit. They know the ring of the true metal and the base.

On this the whole structure of our bank is based. The increasing business is a guarantee that it is appreciated by depositors. Accounts of companies and individuals solicited. Every facility given consistent with conservative banking.
